THE EDUCATED

ISSUES & CANDIDATES

U.S. Senate

Name: Eric Schmitt
Website: <https://schmittforsenate.com/>
Office: U.S. Senate

PROTECTING AMERICA FIRST

During President Trump's time in office, Eric took the lead on backing up the Administration's policies, including his historic tax cuts, efforts to reduce needless and burdensome regulations, and building the best economy this country has ever seen. Since the Biden Administration has taken over the White House, Eric has taken a blow torch to Biden's unconstitutional and unlawful policies to protect the America First Agenda. He has been on the front lines of every fight President Biden has waged against our jobs, our freedoms, and our safety.

ELECTION INTEGRITY

In the 2020 election, when glaring illegal actions involving our sacred elections surfaced, Eric authored and led the brief supporting the Pennsylvania Republican Party against the unbelievable and unconstitutional actions of the Pennsylvania courts. He also authored and led a brief in support of Texas' lawsuit against Georgia, Michigan, Pennsylvania, and Wisconsin before the United States Supreme Court, and he was joined by 17 other states

RELIGIOUS FREEDOM

Eric defended the religious liberties of a Missouri high school football coach when his Constitutional right was assaulted by an extreme group. The coach was accused of violating the U.S. Constitution for leading his players in prayer. Eric supported the coach's fight against the Freedom From Religion Foundation, making clear the actions of the coach did not violate the Constitution since no player was forced to participate.

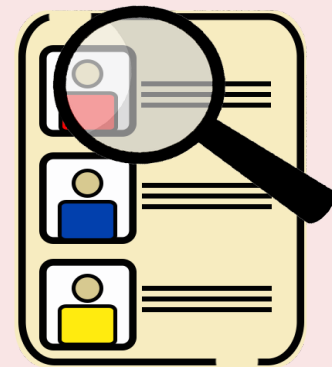

TAKING ON BIG TECH

When Facebook was canceling conservatives and Google was using their platform to take advantage of consumers and businesses, Eric took legal action and launched a massive investigation to stop Big Tech abuses. Eric will never let big companies or corporate greed come before the people of Missouri.
