STL COUNTY DISTRICT 3

DENNIS HANCOCK (R)

<https://dennishancock.org/>

- We have to get spending under control. St. Louis County residents should not have to foot the bill for wasteful spending and special interest contracts. As mayor of Fenton, I worked to get a complicated city budget under control; I will use that expertise to better utilize your tax dollars and make our government more efficient.
- Supporting our law enforcement is essential giving families and businesses the confidence to live their lives in our county. I will advocate for our first responders, from the County Police department to EMTs and firefighters to ensure we have the ability to respond to community crises effectively.
- I believe St. Louis County should be first in the state for economic development, but current leadership has let our progress lag. Investing our time in business-friendly policies creates more family-supporting jobs that promote prosperity for everyone in our community.
